Live 3D Poker Introduces Weekly Free Roll Tournaments

50-seat \$100 free roll tournament to be offered every Wednesday

CURACAO, NETHERLANDS ANTILLES – Apr. 7, 2006 – Live 3D Poker (www.live3dpoker.com) today announced that it has launched a weekly 50-seat \$100 free roll tournament for its players. Registration will start every Tuesday at 1 p.m. with the tournament starting Wednesday at 7 p.m. EST.

Following the introduction of real money games in January, Live 3D Poker, which launched in April 2005, has taken a significant step forward in offering online poker players a full breadth of exciting and challenging real money game options. The weekly free roll tournaments are one of the key features that customers have expressed an interest in seeing added to the Live 3D Poker software.

“We listen very closely to what our customers say they want to see in our game,” said Fred Luchetti, general manager, Live 3D Poker. “It’s our goal to provide players with the most thrilling, most realistic online poker experience possible. The introduction of weekly free roll tournaments is very much a part of that vision.”

Weekly tournament registration is open to as many people as are interested, with the 50 seats being chosen randomly from the registered players who are onsite at the time of the tournament. As the popularity of the weekly tournaments increases, the number of seats and the prize payouts will also be increased accordingly.

About Live 3D Poker
